

The Dental Network Card Program is a partnership that has been created by the New York State Association of Counties (NYSAC) and the Health Economics Group (HEG) so that counties can offer a dental program to residents in their communities. ProAct is pleased to announce that participating counties will now have access to the Dental Network Card Program. ***Participants should be aware that there is a cost associated with this particular program.*** We are confident that this program will positively help residents without dental insurance, by giving them more affordable access to dentists in their communities.

For more information please visit www.NYRxDiscountCard.com or contact HEG at 1(800)666-6690 x501
