Don Lucas  
Mike Seymour  
Bob Flavin

Excused:

Larry Kring  
Richard Matzell  
Tim Damon

Guest:

Lt. Matt Revenaugh NYSDEC Police

Old Business:

Tim requested information and for follow up on trout stocking

Black lake access is up in the air. One area discussed is Booth Island. Would be nice to get a second public access on to the lake east of Edwardsville for the winter ice-fishing use and as a second boat launch in spring, summer, and fall.

Docks removal on St. Lawrence River by NYSPA and on Black Lake by NYSPRHP is being completed way to early in the season. There are many people that use the launches to fish, hunt ducks, geese and deer. Was one of these sportsmen to get hurt the fire and rescue personal are now placed in danger launching a rescue boat. Deer, bird, bass and muski seasons do not end until December.

Guest:

Busy with deer season

Next meeting 25 January 2011
