

ST. LAWRENCE NYSARC IS PLEASED TO BE ABLE TO PROVIDE A NEW PUBLIC TRANSIT SYSTEM IN ST. LAWRENCE COUNTY!

As you may be aware, the existing public transportation system is unable to continue due to budget cuts, so it will end as of December 23, 2011. St. Lawrence NYSARC understands that this is a crucial service for many and has agreed to develop a low fare, convenient, and county approved transit system. It is our hope that the new expanded transportation will benefit everyone in the public, especially older citizens and people with disabilities.

Details are currently being finalized on the best ways to provide this service to suit your travel needs. St. Lawrence NYSARC plans to begin transit during the first week of March 2012. We realize that this gap may create difficulties for some and want to assure you that we will do our best to accommodate special circumstances.

We look forward to providing a timely and professional transportation service soon. In the meantime, please contact Jerry Filiatrault, St. Lawrence NYSARC's Director of Operations at (315) 566-9299 or jfiliatrault@slnysarc.org with questions or concerns.
