

**CENSUS 2000, PUBLIC LAW 94-171**  
**PL-T4: SELECTED COMBINATIONS OF NON-HISPANIC POPULATION**  
**OF TWO OR MORE RACES**  
**LOCAL GOVERNMENT AREAS: APRIL 1, 2000**

The data presented in this report are derived from the 2000 Census of Population and Housing. Counts are presented for the total Non-Hispanic population, the Non-Hispanic population reporting two races, and the Non-Hispanic origin population reporting three or more races for all units of local government. The governmental units are ordered alphabetically by town/city within each county. Village summaries follow the town in which they are included. Town summaries include the population of all villages.

NOTE: Some villages and cities in New York are split by county boundaries and the individual parts are shown in this report and indicated as "(pt.)" Data for the individual parts of villages split by town boundaries are not available on the PL94-171 data file. Totals for these split villages are included at the beginning of each county listing.

**CHANGES IN RACIAL CLASSIFICATION IN 2000**

The standards used for classification of the population by race have been revised to take into account the changing racial and ethnic makeup of the nation's population. The Federal Office of Management and Budget announced revised standards in October of 1997 and those standards are used for Census 2000. The minimum set of racial categories now includes:

- American Indian or Alaska Native,
- Asian,
- Black or African American,
- Native Hawaiian or Other Pacific Islander,
- White, and
- Some Other Race— included in the Census with special OMB approval.

For the first time, respondents may also select one or more races when they self-identify. This was not possible in 1990. Those who identified themselves as two or more races can be presented as a total category of "Two or More Races" or as various combinations of the racial categories. Reporting all of the multi-racial combinations provides data for 63 separate racial groups. Most users will rely on distributions which show the six minimal categories and the total for "Two or More Races".

NOTE: The Hispanic origin population can be of any race and is already included in the racial distribution unless specifically referenced as "Non-Hispanic".

**CENSUS ADJUSTMENT:**

The U.S. Department of Commerce has determined that these data will not be adjusted for Census under- or over-enumeration. These data are final and official Census results.
