

3 – Tiered Prescription Drug Formulary January 2012

This formulary listing is to serve as a reference guide for the selection of cost-effective medications and does not guarantee coverage or imply therapeutic equivalence. Please use this formulary with your medical practitioner to be sure that any medication selected is both cost effective and clinically appropriate. This formulary listing is subject to change, please contact the ProAct help desk number on the back of your card for the most up to date formulary.

This formulary is not all inclusive. Generic products will process as Tier 1 drugs at your lowest copay. Tier 2 contains formulary brands and will process at your middle tier. Tier 3 contains non-preferred brands and are subject to your highest copay. Certain products may be excluded from your plan or require additional authorization.
