

ATTENTION SPEECH PATHOLOGISTS:

St. Lawrence County is seeking Speech Pathologists and Speech Therapists to provide services to children and their families in the Early Intervention and Preschool Special Education Programs. There are agencies in our county interested in a contract with you and we can help you get connected!

You can provide speech services at times during the week that suit your schedule – weekdays, late afternoons, evenings, or weekends. You can choose when you will be available. If you have even a few hours a week to help these young children and their families, please call the St. Lawrence County Public Health Department Early Intervention Program at 386-2325 for more information.
