

## St. Lawrence County Community Development Experience Summary

For the past 28 years, the St. Lawrence County Planning Office has worked on a broad range of housing and community revitalization projects including: housing rehabilitation, homeownership assistance, public facilities (water and sewer projects), community facilities, and economic development. **During this time, the Planning Office has secured and delivered over \$28.6 million in program funding for housing, infrastructure, and economic development projects in St. Lawrence County.** These funds reflect only the program funds we secured and managed. Other leverage funds are not listed here; therefore, total investment is actually significantly greater.
