St. Lawrence County
Soil & Water Conservation District

2012 Triploid Grass Carp Program

Steps to Follow:

1. Fill out the attached **Free** New York State Department of Environmental Conservation **Application for a Permit** to Stock Triploid Grass Carp. Attach a copy of a USGS Topographic map showing exact pond location. The Soil & Water Conservation District can help you with this. Send map and permit application by **May 4, 2012** to:

   NYS DEC
   Bureau of Fisheries
   317 Washington Street
   Watertown, NY 13601

   Please do <u>not</u> send fish order or payment to the NYS DEC

2. The DEC may visit to approve your pond and determine the maximum number of fish authorized. Wait for permit from NYS DEC then provide copy of permit and bottom portion of this form along with payment to the Soil & Water Conservation District. **You can not place an order until you have your permit!**

3. The SWCD is an approved Triploid Grass Carp supplier. All permits must be back to the SWCD with fish order and payment by May 25, so we can order the fish. Contact the Soil and Water Conservation District at SLC SWCD, 1942 Old DeKalb Road, Canton, NY 13617, phone (315) 386-3582, or e-mail conservation@slcswcd.org.

4. SWCD will set a delivery date depending on the hatchery. Tentative date is June 1, 2012, at our office. A schedule will be mailed to you. The fee for fish bags is now included in the price. The SWCD will not be responsible for orders not picked up on time.

5. Please feel free to contact the SWCD if you have any questions.

Triploid Grass Carp (10”) **$26.00 each**
